

MONO COMPETITION

BEST MONO WEBSITE OF THE YEAR

Show us the best small business website that you've built on the Mono Platform, and win an Amazon gift card worth \$250 (USD) / € 220!

Calling all website designers! We know that you use the Mono Platform every day to build websites for small businesses, but now we want to see what you can do.

From now until February 3, we'll be running a competition to see who built the best SMB website on the Mono Platform in the past year. We'll be scoring your websites based on design and content best practices, as well as testing their performance.

DESIGN

- Use of Global Styling
- Harmonious and consistent use of colors
- Overall positive user experience

CONTENT

- Use of Global Data
- Calls-to-action to drive online conversion
- Use of Mono On-Site Engagements

PERFORMANCE

- Page speed
- Structured data points
- Optimized viewports
- No custom CSS

Visit our dedicated competition landing page for more information:

<https://www.monosolutions.com/2019-competition-submit-your-best-website>

Ultimately, a select panel of Mono team members from Design, Education and Sales will select the winner!

HOW TO ENTER

Simply send us an email to education@monosolutions.com with a link to the website!

It would be great if you could answer the following questions:

- Did you use a template?
- How much time did you spend on building the website?
- Why do you think that you should win? (max 200 words)

We'll announce a winner at the end of February, and the lucky website designer will win an Amazon gift card of \$250 (USD) or €220.
