2020 AND BEYOND ...

WHERE ARE WE HEADING NEXT?

The big picture

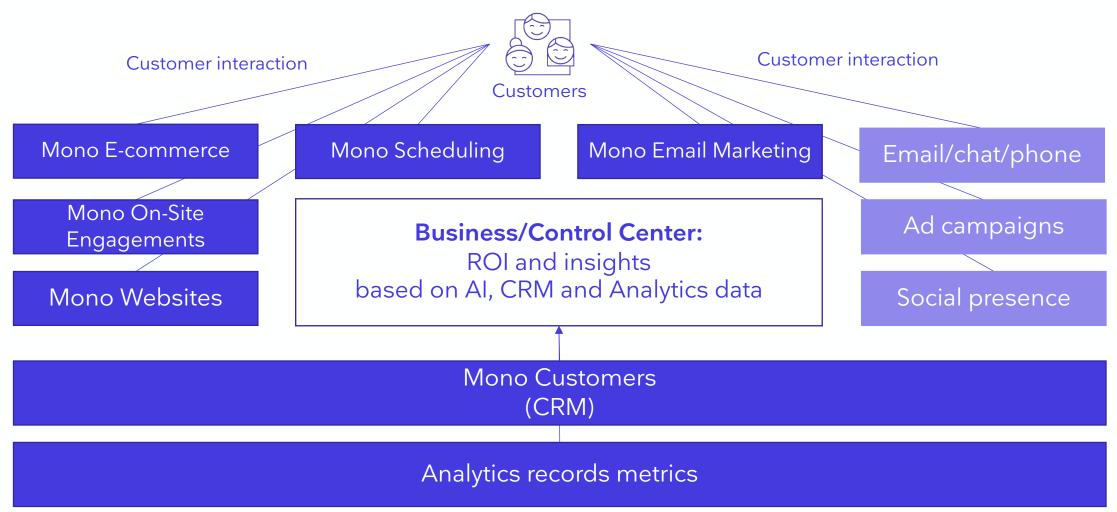

SMBs want to drive their business forward. They want traffic and conversions. They want happy and returning customers. They have little time and expertise in marketing or online engagement, so they need a solution that can help them manage their data and deliver a world class **customer experience** online.

WHAT CONSTITUTES A GOOD CUSTOMER EXPERIENCE?

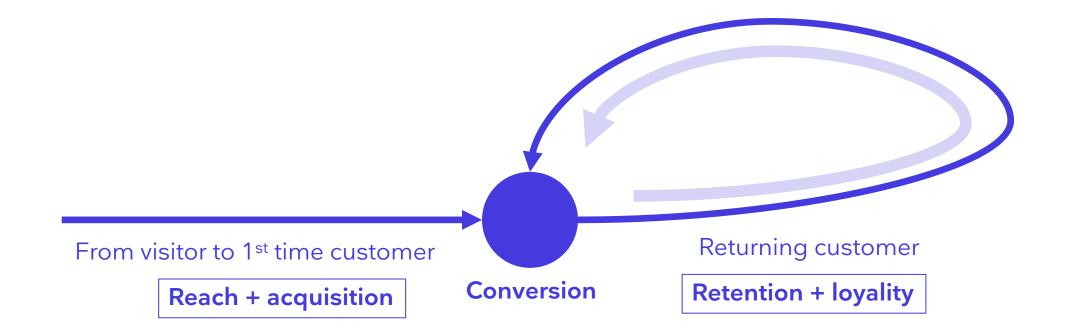

- 1. Expectation management: Set the right expectations with the customer
- 2. Integrity/authenticity: Deliver on your promise to the customer
- 3. Time/effort: Make it easy for the customer to do business with you
- 4. **Resolution:** Fixing/delivering when the customer's problem/need occurs
- 5. Personalization: Know your customer treat him/her in a personalized way
- 6. Empathy: Empathize with your customer's needs

BUSINESS DRIVING & CUSTOMER EXPERIENCE

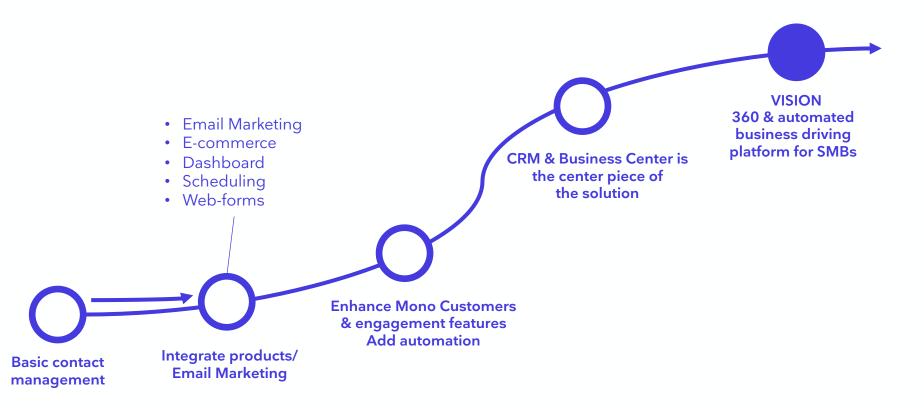

CUSTOMER LIFE CYCLE

Understanding the customer lifecycle is essential to the ongoing success and growth of a business.

EDUCATE YOUR CUSTOMERS

Add an informative headline

Use this template to tell a story, promote an event or educate your customers.

Remember to break up your text to make it easy-to-read on all devices.

Use the button below to help direct readers to a specific call-to-action, for example getting in touch with you or signing up for an event.

Add a sub-headline to break up the text

You can use bold, underline and italic to emphasize text or make it stand out, e.g. as a headline. Don't be afraid to write your email campaigns in an active voice, and highlight your excitement about your campaign. Remember - excitement is contagious!

Lastly, don't forget to end your email with a personal touch.

All the best, Your friends at Mono
