MONO SCHEDULING

INCREASE ROI FOR SMBs

Mono Scheduling equips SMBs with a seamless experience for scheduling and managing appointments via their website to drive more business.

CUSTOMER CONVENIENCE

Nearly 70% of consumers prefer to book appointments online.[1] Mono Scheduling is a convenient solution that removes the hassle of bookings via phone call, and gives both consumers and business owners alike a clear overview of available appointment times.

BOOK FROM ANY PLATFORM

Online scheduling is essential for many types of SMBs to convert visitors into customers. Mono Scheduling can easily be used on any external platform, and gives service providers the opportunity to help SMBs regardless of their existing digital presence platform.

INCREASE CONVERSION

Business owners can accept appointments 24/7 and don't need to disrupt their work in order to take appointments via the phone. What's more, Mono Scheduling offers automatic reminders via email and/or SMS which have been shown to reduce no shows by over 50%.[2]

AFFORDABLE OFFERING

With unlimited bookings, staff and users, Mono Scheduling is an affordable solution for business owners looking for an easy way to centrally manage appointments. Mono Scheduling includes all the most-used features across industries who rely on booking to drive business.
